Financial Information 2020

Annual General Meeting: March 12
Interim Report (3 months): April 22
Interim Report (6 months): July 14
Interim Report (9 months): October 20

Comments by the CEO

NAXS continued on its positive trajectory during 2019, seeing its net asset value per share increase by 7.5% during the year.

On the investment side, NAXS made in the fourth quarter a new commitment to the JAB Consumer Fund – Global Consumer Brands III. NAXS was already an investor in JAB's predecessor fund. The Global Consumer Brands III provides an exposure to recent transactions by JAB Holding, notably those in the pet care industry, where JAB is now the second largest player globally.

As to the underlying funds, they acquired 5 new portfolio companies and signed or closed 14 exits during 2019.

In June, NAXS paid a dividend of SEK 2.78/share and actively repurchased its own shares throughout 2019, acquiring in excess of 6% of the total number of shares.

The Company has now distributed a cumulative SEK 24.81 per share over the last 5 years to its shareholders through dividends and share repurchases.

At the end of 2019, NAXS had in excess of 32% of cash on its balance sheet, which leaves the Company well-positioned to take advantage of potential investment opportunities.

Lennart Svantesson

NAXS in 2019

The highlights of 2019 for the Company were:

- an increase of 7.5% in net asset value (NAV) per share (incl. dividend paid);

NAV per share (SEK)

- a USD 5m commitment to JAB Global Consumer Brands III;
- the acquisition of 94,974 shares in Awilco Drilling for a total amount of NOK 3 m;
- the acquisition of 5 new portfolio companies by NAXS's underlying funds, bringing the total number of companies acquired since NAXS's inception to 134;
- the signing or closing of 14 new exits by NAXS's underlying funds;
- the further consolidation of NAXS's successful exit track record, with 90 exits having generated an average gross IRR of 19%;
- the decision by the 2019 Annual General Meeting to pay a dividend of SEK 2.78/share for FY 2019;
- the repurchase of 761 676 shares, representing over 6.4% of the total share capital and a transfer of value to shareholders of SEK 39.3 million in 2019; and
- the share cancellation of 309,369 repurchased shares. Prior to such cancellation, the total number of shares and voting rights in NAXS was 12,219,430. The number of shares and voting rights decreased by 309,369 through the share cancellation. As a result, the total number of shares and voting rights in NAXS as of December 31, 2019 was 11,910,061.

2019 overview

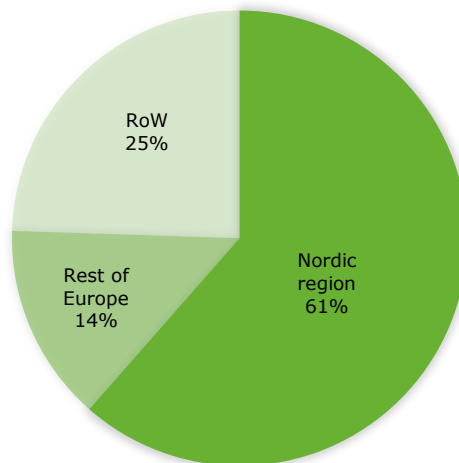

Private equity funds investments

Through its mature fund portfolio, NAXS provides investors with an attractive exposure to the private equity asset class through a liquid instrument, with a good level of diversification:

- 11 private equity funds (10 buyout funds and 1 special situations fund) from 8 managers;
- 6 different vintage years: 2007, 2008, 2011, 2017, 2018 and 2020 (based on current commitments):

- an exposure to all Nordic countries and to a certain extent to Europe, as well as to the rest of the world, mainly through the commitments to Apax and JAB (based on the fair value of the current portfolio companies):

- an exposure to 44 portfolio companies (remaining after 90 exits);

- a diversified portfolio, where the 10 largest portfolio companies account for less than 44% of the NAV, and no single portfolio company account for more than 8% of NAV; and
- an attractive sector diversification (based on the fair value of the current portfolio companies):

Other investments

NAXS provides an exposure to 2 listed companies, through its holding of 375,437 shares in Scout Gaming Group AB (publ) and 828,319 shares in Awilco Drilling Plc:

- Scout Gaming Group offers online gaming operators comprehensive solutions for the launch and operation of Fantasy Sports and Daily Fantasy Sports. The shares are listed on NASDAQ First North. Additional information can be found on <https://www.scoutgaminggroup.com>.
- Awilco Drilling Plc is a UK-based drilling contractor. The shares are listed on the Oslo Stock Exchange. Additional information can be found on <https://www.awilcodrilling.com>.

In addition, NAXS provides an exposure to a senior secured bond issued in 2018 by Jacktel AS, where it made a MSEK xx investment. Jacktel is the Norwegian operator of a jack-up accommodation vessel and a wholly-owned subsidiary of Master Marine AS. The Bond has a tenor of 5 years and a coupon of 10% p.a., with quarterly interest payments. Additional information can be found on <http://www.master-marine.no/investor-relations/other-financial-information/>.

Board of Directors' Report

The Board of Directors and the CEO of NAXS AB (publ) ("NAXS", "the Company", or the "Parent Company"), Swedish corporate identification number 556712-2972, are hereby presenting the annual report for the Group and the Parent Company for the financial year 2018. The financial statements are subject to their adoption by the Annual General Meeting of the shareholders to be held on March 12, 2020.

Group

General operations

NAXS primarily in private equity funds with a Nordic focus. NAXS may also make direct investments or co-investments alongside private equity or other alternative assets funds. In addition, NAXS may, to a limited extent, make other types of investments.

Operations commenced on April 17, 2007, and the Company was listed on First North on May 14, 2007, where it traded until its change of listing to NASDAQ Stockholm on June 8, 2010. The share trades under the designation "NAXS".

NAXS AB, corporate ID 556712-2972 is the Group's parent company. NAXS AB has its registered office in Stockholm. QVT Financial LP with org.no 156508, with registered office in New York, USA, controls xx% of the outstanding shares in NAXS AB.

In addition to the Parent Company, the Group consists of an operational Danish subsidiary, NAXS A/S, headquartered in Copenhagen, and a Norwegian subsidiary, NAXS Nordic Access Buyout AS, headquartered in Oslo. The Danish subsidiary operates as the holding company for the Group's private equity fund investments.

Naccess Partners AB is contracted as the investment advisor to the Danish subsidiary.

Share and ownership

The number of outstanding shares in the Company at the beginning of the year was 11,914,261. During the year 761,676 shares were repurchased. The number of outstanding shares in the Company at the end of the year was 11,152,585.

In June, the company made a share cancellation of 309,369 repurchased shares. Prior to the cancellation of the repurchased shares, the total number of shares and voting rights in NAXS was 12,219,430. The number of shares and voting rights decreased by 309,369 through the share cancellation. Following completion of the share cancellation, the total number of shares and voting rights in NAXS is 11,910,061.

At the end of the interim period, the NAXS share price was SEK 49.30 and the total shareholders' equity per share was SEK 63.63. The Company's market capitalization was MSEK 550 and the number of shareholders was 1,504.

Larger shareholders are set forth in the Corporate Governance Report.

Objective and investment strategy

Overall investment strategy

The strategy of NAXS AB (publ) (together, with its subsidiaries, "NAXS") is to seek to produce investment returns commensurate with the risk incurred in making those investments.

Investment criteria

NAXS may without limitation, except as set forth below, invest in private equity funds, which have one or more of the Nordic countries (Denmark, Finland, Norway and Sweden) as their investment focus.

NAXS may without limitation, except as set forth below, invest alongside private equity funds and other alternative assets funds.

Up to forty percent of NAXS's net asset value may be invested in any securities or assets in any jurisdiction.

Investment size and diversification

NAXS intends to hold a diversified portfolio of investments. However, NAXS may decide based on market conditions to place up to 40 percent of NAXS's net asset value at the time of the investment in a single investment.

Market review

The financial markets generally experienced positive developments during 2019, despite an uncertain macro-economic backdrop, with concerns over the declining rate of global economic growth, trade war between the US and China, as well as Brexit uncertainty. Private equity activity remained at a good level throughout the year, supported by readily available financing and the high levels of dry powder held by managers as the result of a prolonged strong fundraising environment for the asset class.

Private equity fund investments and Other investments

NAXS's investments consist of fund commitments ("Private equity fund investments"), and other investments ("Other investments").

Private equity fund investments

As of December 31, 2019, NAXS had commitments to 11 private equity funds (10 buyout funds and 1 special situations fund).

At the end of 2019:

- private equity fund investments amounted to MSEK 440, which corresponds to 62 percent of the Company's equity;
- remaining commitments amounted to MSEK 97.

Other investments

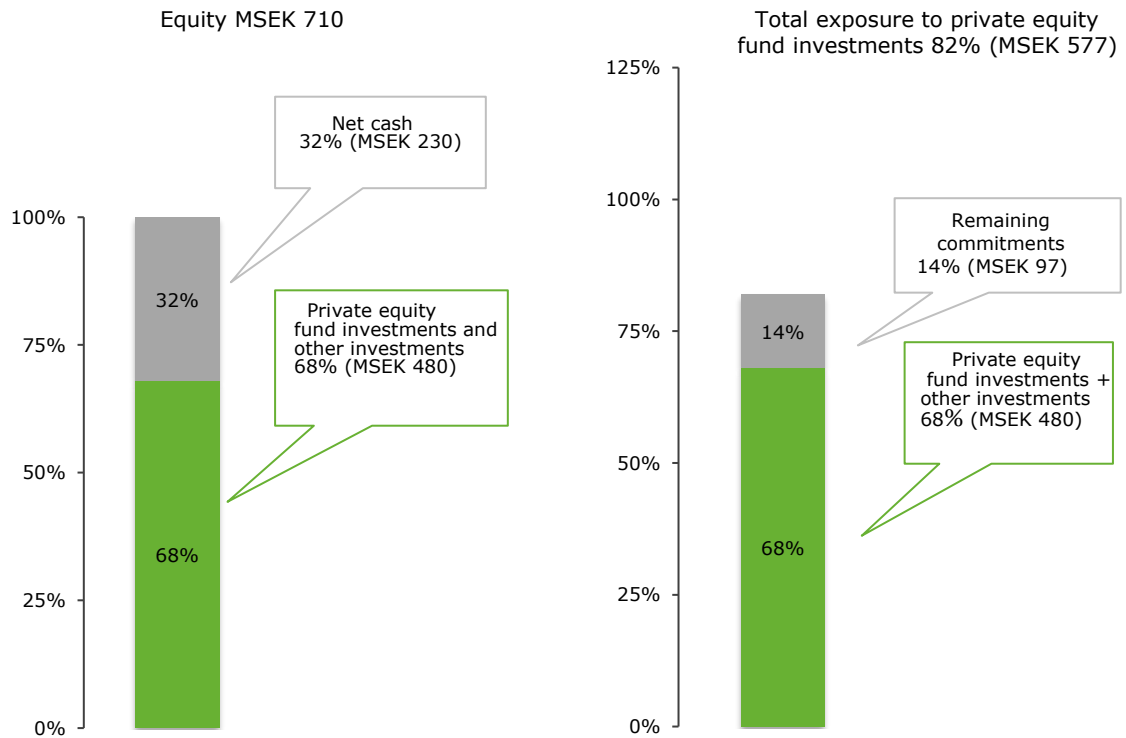

Within the Other investment category, NAXS held at the end of 2019;

- 375,437 shares in Scout Gaming Group AB (publ). The shares are listed on NASDAQ First North. Established in 2013, Scout Gaming Group offers online gaming operators comprehensive solutions for the launch and operation of Fantasy Sports and Daily Fantasy Sports. As of December 31, 2019, the holding of NAXS in Scout Gaming Group was valued at MSEK 4.9 (11.5);
- 828,319 shares in Awilco Drilling Plc is a offshore drilling contractor. The shares are listed on the Oslo Stock Exchange. As of December 31, 2019, the holding of NAXS in Awilco Drilling was valued at MSEK 13.6 (21.0);
- an investment in a senior secured bond issued by Jacktel AS, a wholly owned subsidiary of Master Marine AS. The Bond has a tenor of 5 years and a coupon of 10% p.a., with quarterly interest payments. As of December 31, 2019, the holding of NAXS in Jacktel was valued at KSEK 22.4 (24.2).

Exposure to private equity fund investments and other investments

As of December 31, 2019, the total exposure to private equity fund investments and other investments amounted to MSEK 577, which corresponds to 82 percent of the Company's equity.

Net cash, fund investments and other investments, and total exposure to private equity funds in percent of equity

Evolution of private equity fund investments and other investments (in % of equity)

Acquisitions and divestments by underlying funds

During 2019, NAXS' underlying funds made 5 new acquisitions and 14 full exits. As of December 31, 2019, NAXS's underlying funds had acquired a total of 134 companies, 90 of which had been fully divested. The 90 exits have generated an average gross IRR of 19%.

Financing

The Group is financed with shareholders' equity. Shareholders' equity amounted to KSEK 709,659 (736,371) at the end of the year, corresponding to SEK 63.63 (61.81) per share and an equity/asset ratio of 100 (100) percent. Repurchases of own shares amounted to 39,276 (88,408) and dividend to shareholders for the financial year 2018 amounted to KSEK 31,055 (32,209) corresponding to SEK 2.78 (2.53) per share.

Net cash

At the end of the year, net cash amounted to KSEK 229,748 (261,444), which corresponds to SEK 20.60 (21.94) per share. During the period, cash and cash equivalents were invested in interest-bearing instruments or held on interest-bearing bank accounts, in accordance with the Company's policy.

Future prospects

We expect the uncertain macro-economic background that prevailed during 2019 to continue during the coming quarters. It remains to be seen whether these conditions will, unlike during 2019, result in capital market dislocations and asset repricing. With its strong balance sheet, NAXS remains well-positioned to seize potential investment opportunities that may arise during 2020.

Significant risks and uncertainty factors

The Company's business, financial condition and results could be impacted by a number of risk factors.

NAXS may without limitation, except as set forth below, invest in private equity funds, which have one or more of the Nordic countries (Denmark, Finland, Norway and Sweden) as their investment focus.

NAXS may without limitation, except as set forth below, invest alongside private equity funds and other alternative assets fund.

Up to forty percent of NAXS's net asset value may be invested in any securities or assets in any jurisdiction.

As the interest and therefore the competition for investment in private equity as an asset class increases, the number of investment opportunities with reasonable risk/return profile may decline. Much of the Company's return on invested capital will depend on the respective underlying private equity funds' ability and success to generate returns, which in turn is partly due to how skillful the fund managers and their portfolio companies' management teams are in implementing value-enhancing improvements in the portfolio companies. Furthermore, the returns largely depend on the valuation of portfolio companies at the time of the investment and divestment, respectively.

Private equity buyout funds generally use leverage to finance their investments. In a situation where a portfolio company's profits do not reach an adequate level and where market interest rates rise, this may result in decreased and even negative returns for private equity funds. Furthermore, market conditions that make it more difficult or expensive for private equity funds to obtain loans to finance acquisitions may result in reduced returns compared with historical ones. Private equity funds are dependent on their investors having money available when the funds request drawn downs for investments. Under turbulent market conditions, there is a risk that some investors cannot meet their obligations. This could affect the Company's ability to pursue its investment strategy and affect the underlying funds' and NAXS's returns.

The Investment Manager has been contracted by the NAXS Group to advise on the Group's investment activities, under an advisory agreement. If the principals of the Investment Manager cease to work for the Investment Manager, this could have negative consequences for the Company's development, performance and financial position. NAXS is exposed to currency risks in the investments made in private equity funds denominated in foreign currencies. No hedging is made on the private equity fund investments.

NAXS is also exposed to the risks related to the general macro-economic environment. For a detailed description of risk and risk management, see Note 23.

Environment

The Company does not conduct any activity that may require an environmental permit.

Parent Company

The parent company holds participations in the subsidiaries and finances the subsidiaries' activities. The parent company has not had any sales during the year. The profit/loss after financial items amounted to KSEK -4,108 (16,525). During the year, dividend from subsidiaries amounting to KSEK - (20,675) was received. The net interest income amounted to KSEK -258 (-806) and exchange rate profit/loss amounted to KSEK 398 (1,016). Income tax amounted to KSEK 0 (0). The net profit/loss amounted to KSEK -4,108 (16,525).

Corporate Governance Report

Governance, management and control of the Company are split between the shareholders at the AGM, the Board of Directors and the Chief Executive Officer (CEO) under the Swedish Code of Corporate Governance and statutes.

NAXS AB (publ) is a Swedish public company, whose shares are traded on NASDAQ Stockholm. The Company conducts its business based on Swedish legislation, primarily the Swedish Companies Act, the NASDAQ Stockholm rules for issuers – which also include the Swedish Code of Corporate Governance – and other relevant regulations and guidelines. Since the Company's shares are traded on NASDAQ Stockholm and the Company must follow the securities market practice in force in the securities market, it applies the Swedish Code of Corporate Governance ("Code"). The text of the Code is available at www.bolagsstyrning.se.

This corporate governance report has been prepared in accordance with the Annual Account Act and the Code to describe how the company applied the Code during the fiscal year 2019. The corporate governance report is reviewed by the auditors in accordance with the Annual Accounts Act.

Articles of association

The Company's name is NAXS AB (publ) and it has its registered office in the municipality of Stockholm.

The Company shall directly or indirectly engage in investment activities and in connection therewith, acquire, own, manage and market the investments, shares and other securities and acquire rights and assume obligations related to these investments, or joint investments with companies or funds and related business. The articles of association also contain information on the share capital, number of directors and auditors, as well as provisions regarding the notice and agenda of the AGM. The articles of association are available in their entirety on the Company's website, www.naxs.se.

Board

The Board of Directors is responsible for, amongst other, establishing business and investment plans, budgets, policy goals, financial statements, as well as for appointing the CEO.

Ownership structure

The share capital of the Company amounted as of December 31, 2019 to SEK 750 000 divided into 11,910,061 shares.

The number of outstanding shares in the Company at the beginning of the year was 11,914,261. During the year 761,676 shares were repurchased. The number of outstanding shares in the Company at the end of the year was 11,152,585.

In June, the company made a share cancellation of 309,369 repurchased shares. Prior to the cancellation of the repurchased shares, the total number of shares and voting rights in NAXS was 12,219,430. The number of shares and voting rights decreased by 309,369 through the share cancellation. Following completion of the share cancellation, the total number of shares and voting rights in NAXS is 11,910,061.

At the end of the year the Company holds 757 476 own shares. Each share has one vote. The Company's shares are registered with Euroclear Sweden AB. The quota value per share is SEK 0.06. The shares are traded on NASDAQ Stockholm. The number of shareholder's was 1,504.

Largest shareholders as at 31 December 2019, according to Euroclear Sweden AB

AGM 2019

At the AGM on June 4, 2019, 5 shareholders were registered, representing 64,1 percent of the total number of issued shares. The AGM was duly established and resolved, among other things, to;

- approve the balance sheets and income statements of the Group for 2018 and to grant the Board and CEO relief from liability in respect of the 2018 management;
- in accordance with the board's proposal that, the funds at the meeting's disposal shall be allocated as dividends to the shareholders of SEK 2.78 per share and that the company's remaining unrestricted equity shall be carried forward;
- re-elect John D. Chapman, Antony Gardner-Hillman, Damhnait Ni Chinneide and Andrew Wignall as Board members, and re-elect John D. Chapman as Chairman of the Board;
- allocate to the Board a total annual fixed fee of SEK 753,750, with SEK 258,750 allocated to the Chairman and SEK 165,000 each to the other Board members;
- in accordance with the nomination committee's proposal, adopt principles for the appointment of the nomination committee, to apply until a general meeting resolves otherwise;
- in accordance with the nomination committee's proposal, elect Meg Eisner (representing QVT Financial LP), Amaury de Poret (representing himself) and John Chapman (chairman of the board of directors) as members of the nomination committee. Meg Eisner was elected as chairman of the nomination committee;
- adopt guidelines for remuneration of senior executives;
- adopt the Board's proposal to approve the authorization for the repurchase of shares. Shares may be acquired to the extent that the Company's holding of its own shares, on any occasion, does not exceed 10% of all shares in the Company.
- Adopt the Board's proposal to reduce the share capital and resolve on bonus issue.

Nomination Committee

At the AGM 2019 was, in accordance with the nomination committee's proposal, Meg Eisner (representing QVT Financial LP), Amaury de Poret (representing himself) and John Chapman (chairman of the board of directors) were elected members of the nomination committee. Meg Eisner was elected chairman of the nomination committee. The Nomination Committee can be contacted via e-mail to: chapman.jd@gmail.com.

Decision from the AGM 2019 regarding the principles for appointing the Nomination Committee for the AGM 2020

The annual general meeting shall elect members of the nomination committee. A proposal for members and the chairman of the nomination committee shall be put forward by the current nomination committee. The nomination committee shall consist of three members. One member of the nomination committee shall be the chairman of the board of directors, However, the chairman of the board of directors of the Company shall not be chairman of the nomination committee. In its proposal for a new committee, the nomination committee shall take into account the shareholder base and the expressed willingness of the largest shareholders in the Company to participate in the nomination committee.

The nomination committee's mandate shall be for the period until a new nomination committee has been elected at a subsequent annual general meeting. However, the nomination committee may change the composition of the nomination committee during its mandate period if it deems it appropriate and practical or if it is motivated based on any material changes in the shareholder base (and/or if there has been an expressed interest from a large shareholder to appoint a member to the committee). In such cases, or if a member otherwise leaves the nomination committee for some other reason, the nomination committee shall offer the largest shareholder in turn, as applicable, based on votes, the possibility to appoint a member of the nomination committee for the remainder of that term, provided that there is nothing preventing such representation. However, no shareholder shall have the right to appoint more than one member to the nomination

committee. The nomination committee shall vote on the proposed revised composition. No fees shall be paid to the members of the nomination committee. The nomination committee shall pursue the tasks that, according to the Swedish Code of Corporate Governance, are of the responsibility of a nomination committee.

AGM

NAXS's highest body is the general meeting, where all shareholders are entitled to participate either in person or by proxy. The AGM elects the Board and Chairman of the Board, approve the Company's and the consolidated balance sheets and income statements decide on the disposition of the profits and decides to discharge the Board and CEO. The AGM also appoints the Company's auditors. The AGM also decides on the Board remuneration and approves the principles for remuneration and other terms of employment for senior management. At the AGM, each shareholder has as a general rule the right to vote for all of its shares. AGM decisions are taken by a simple majority of the votes cast. To protect the smaller shareholders, certain decisions taken by qualified majority of the votes cast and the shares represented. In addition, as a general rule the shareholders' meeting must not take decisions which may give an unfair advantage to certain shareholders or be detrimental to the Company or other shareholders.

AGM 2020

The next Annual General Meeting of shareholders in the Company will be held on Mars 12, 2020, in Stockholm. This Annual General Meeting will be held in accordance with the Company's by-laws and comply with the requirements of Swedish law.

Board

Directors' responsibilities

According to the Swedish Companies Act and the Company's by-laws, the Board of Directors is responsible for establishing comprehensive, long-term strategies and objectives, setting budgets and business plans, review and approve financial statements and make decisions regarding investments and significant changes in the Company's organization and operations. The Board also appoints the CEO and sets his/her salary and other compensation.

Board composition

NAXS's Board of Directors shall consist of not less than 3 and not more than 8 members, with up to 5 substitutes. The Board of Directors consists of John D. Chapman (chairman), Antony Gardner-Hillman, Damhnait Ni Chinneide, and Andrew Wignall, who all were re-elected at the 2019 Annual General Meeting.

Further information regarding the directors is set forth below:

John D. Chapman, Chairman of the Board

John D. Chapman is a lawyer and Chartered Financial Analyst (CFA) specializing in representing shareholder interests in connection with the operation and management of investment funds and ancillary assets. His experience includes investment funds domiciled in numerous jurisdictions and investing in various asset classes, including debt, equity, private equity and property, in both developed and emerging markets. Mr. Chapman has served as the chairman, executive director, or non-executive director of many publicly traded companies, including ACP Capital Limited and ACP Mezzanine Limited (AIM quoted investment companies investing in European small and mid-cap debt, equity and structured products), the Romania Investment Fund (which invested in Romanian public and private equity), and the Central Asia Regional Growth Fund Plc. (which invested primarily in private equity in the former Soviet Central Asian Republics). Earlier in his career, Mr. Chapman practiced commercial litigation with a large law firm in New York City, served as a federal prosecutor with the United States Department of Justice and also was a Senior Advisor to the United States Treasury Department for the training of local law enforcement bodies in Eastern Europe. Mr. Chapman is a member of the New York State

Bar Association and the CFA Institute. Mr. Chapman was born on March 31, 1956. Mr. Chapman is United States citizen and resides in the United States.

- Shareholding in the Company: 0
- Attendance at board meetings: 3 of 5
- John D. Chapman is independent of the Company. He is a nominee of the Company's largest shareholder.

Damhnait Ni Chinneide, director

Damhnait graduated with a BA in Finance from National University of Ireland in 1995 and a Masters in Financial Services from University College Dublin in 1996. Upon graduation Damhnait joined JPMorgan's graduate program in London where she spent 8 years. As a Vice President in the UK foreign exchange derivatives sales team she focused on advising hedge funds, institutional and corporate clients on risk management solutions. In 2003 Damhnait joined Lee Overlay Partners in Dublin and as Head of Portfolio Management she was involved in business development and in the establishment and development of a currency (UCITS) fund. In 2010 Damhnait joined the global head office of Pioneer Investments in Dublin where, as a member of the client reporting and sales team she oversaw a number of change and efficiency programs for the firms Dublin RFP process. Mrs. Ni Chinneide was born on March 18, 1974. Mrs. Ni Chinneide is Irish citizen and resident in France.

- Shareholding in the Company: 0
- Attendance at board meetings: 5 of 5
- Damhnait Ni Chinneide is independent of the Company. She is a nominee of the Company's largest shareholder.

Antony Gardner-Hillman, director

Antony Gardner-Hillman has, through his career as a lawyer and subsequently as an independent director, over 30 years of experience of working with open- and closed-ended investment funds investing in a broad range of asset classes. Mr. Gardner-Hillman qualified as a solicitor in London in 1982 and moved to Jersey in 1984 to join the Jersey law firm Crills, where he was a partner from 1987 to 2002 and headed the Financial Services Business and Regulation team. He was also a non-executive partner of the international law firm Holman, Fenwick & Willan (Jersey partnership) from 1987 to 2003. In 1987 he co-founded Jersey Trust Company (JTC), where he drove the development of the business, including the establishment of the fund administration division. Mr. Gardner-Hillman remained a principal shareholder and director of JTC until disposing of his shareholding and resigning as Non-Executive Group Chairman in 2008. Mr. Gardner-Hillman was born on October 9, 1956. Mr. Gardner-Hillman is a British citizen and resident in Jersey.

- Shareholding in the Company: 0
- Attendance at board meetings: 5 of 5
- Antony Gardner-Hillman is independent of the Company. He is a nominee of the Company's largest shareholder.

Andrew Wignall, director

Andrew Wignall is a Fellow of the Institute of Chartered Accountants in England and Wales having qualified with Ernst & Young in 1989, where he worked as an auditor, primarily with financial services clients. In 1996 Mr. Wignall was a founding director of Moore Management Limited, specializing in the management and administration of alternative investment funds, securitization vehicles and special purpose companies. Since leaving Moore in 2007, Mr. Wignall has acted as an independent non-executive director of a number of private equity, real estate and other alternative fund structures. Mr. Wignall's public company and investment fund directorships have included: Alden Global Capital, Atrium European Real Estate, Black Sea Property Fund, DN Capital, GCP Sovereign Infrastructure Debt, Intermediate Capital Group, The Ottoman Fund, Priveq Investments, Quadriga Capital, Stirling Square Capital Partners, Capvis Equity Partners, The Greater Europe Fund, and Invision Private Equity. Mr. Wignall was born on May 11, 1964. Mr. Wignall is a British citizen and resident in Jersey.

- Shareholding in the Company: 0
- Attendance at board meetings: 5 of 5

- Andrew Wignall is independent of the Company. He is a nominee of the Company's largest shareholder.

The CEO is not a board member but participates in the board meetings and provides any required information and conducts presentations.

The CFO participates in the board meetings and provide any required information and presentations.

NAXS meets the NASDAQ Stockholm stock exchange regulations and the Code's requirements that a majority of the elected board members are independent of the company and the Group management and that at least two of its members are also independent of the company's shareholders.

Board Rules

The Board's work is governed by the Rules of Proceedings governing the Board's work, decision-making, signatories and meeting schedule, which are adopted annually. The Board follows as a guiding principle a set of proceedings designed that the requirement for a satisfactory information and division of work between the Board and CEO are met. The Board has established specific CEO's instructions set forth in the Board's Rules. The Board monitors the CEO's activities, is responsible for establishing guidelines for the management of the Company and ensures that the Company's liquid assets are appropriately invested. The Board is also responsible for developing and monitoring the Company's strategies, plans and objectives, taking decisions on acquisitions and disposals of businesses, major investments, appointments and remuneration of the management and ongoing monitoring of operations during the year.

Chairman

The Chairman is responsible for the Board members receiving regularly the information required to monitor the Company's financial position, earnings, liquidity, economic planning and development, to verify that the Board's decisions are implemented in an efficient manner and that the Board's work is duly evaluated. Furthermore, the Chairman is responsible for the organization of the Nomination Committee and participates in its work.

The Board's work in 2019

During the fiscal year 2019, the Board of NAXS held 5 meetings. 4 of the meetings was held by telephone. Under the current rules, the Board shall hold at least 5 regular meetings per calendar year. All the regular Board meetings follow a pre-defined agenda, which includes a report from the CEO as well as financial reports, updates on investments, financing issues and strategic issues. Key issues discussed during the fiscal year 2019 included financing issues, investment issues, share repurchase issues, distribution issues and the Group's future structure.

Audit Committee

The Company has decided that the entire Board shall be included in the Audit Committee. The Audit Committee's tasks are described in the Board's Rules. The Audit Committee shall inter alia monitor the Company's financial reporting, the effectiveness of the Company's internal controls, risk management on financial reporting, keep itself informed about the audit of annual and consolidated accounts, review and monitor the auditors' impartiality and independence, as well as assist the Nomination Committee in relation to the proposal for the appointment of the auditors.

Compensation Committee

The Company has decided that the entire Board shall be included in the Compensation Committee. The Remuneration Committee's tasks are described in the Board's Rules. The Remuneration Committee shall, inter alia, examine whether the compensation paid to senior executives (i.e. the CEO) is on market terms.

Evaluation of the Board's work

The Chairman of the Board evaluates annually the quality of the Board's work and what areas of improvements should be targeted to develop the quality and efficiency of the Board's work. The evaluation results are reported to the Nomination Committee.

Company Management

During 2019, the management of the NAXS Group consisted of Lennart Svantesson as CEO. Mr. Svantesson has extensive experience in executive positions in listed and unlisted companies. He has been CEO of Bure Equity AB, CEO of Scribona AB, CEO of Nimbus Boats AB, Managing Director of Arthur D. Little Scandinavia AB and Senior Vice President of Volvo Car Corporation. Mr. Svantesson has an MSc from Chalmers University of Technology and has studied economics at the University of Gothenburg. He is a Swedish citizen.

Mr. Svantesson's shareholding in the Company is 32,128 shares, whereof 22,128 through a wholly owned company and 10,000 through pension insurance.

The company's CEO

The CEO is responsible for the Company's operational management in accordance with the guidelines and instructions of the Board of Directors and shall ensure that the Board receives the information required for decision-making regarding the Company's and Group's financial position, earnings, liquidity and development. The CEO attends the board meetings, where he provides the required reporting.

Auditors

NAXS's auditors are appointed by the AGM for a period of one year. The current period runs out in 2020, and the next election is thus to take place at the 2020 AGM. The Company's registered accounting firm is Ernst & Young, and its chief auditor is authorized auditor Jesper Nilsson. Jesper Nilsson has been the Company's auditor since the 2016 AGM. The external auditor's role is to, on the shareholders' behalf and in accordance with applicable laws and regulations, review the Company's accounts, consolidated accounts, annual report, the Board of Directors and Corporate Governance Report. In addition, the Company's interim report for the third quarter of 2019 was reviewed by the auditors. The chief auditor also submits an audit report to the AGM.

Board fees

In accordance with the decisions of the AGM 2019, the Board of Directors receive annual fees amounting to a total of 753,750 SEK. The Chairman receive 258,750 SEK, while the other members of the Board receive 165,000 SEK each. The board members are appointed for a period running until the 2020 AGM. For more information on compensation paid to the Board and senior executives, see Note 5, Employees and staff costs.

Guidelines for remuneration and other benefits for senior executives

Before each AGM, the Board shall develop guidelines regarding salaries and other compensation for the CEO and other senior executives of the Company. The 2019 AGM adopted the proposal submitted by the Board regarding the guidelines for remuneration to the CEO and senior executives.

Current guidelines for executive compensation

The AGM has resolved that the following guidelines shall apply to compensation for senior executives for the period until the next AGM: remuneration to senior executives should be competitive and enable the Company to attract and retain talented senior executives; remuneration shall be appropriate in such a way as to justify a long-term value creation for the Company; compensation may consist of four parts: fixed salary and fees, variable remuneration (which includes share- and share-related incentives), pension contributions, and other economic benefits.

The Board decides which structure the remuneration shall consist of in order to efficiently fulfill its purpose. In the case a variable remuneration shall be paid, it must be linked to predetermined and measurable criteria and be designed with a view to promoting the long-

term value creation. Variable compensation may amount to up to 50 percent of fixed salary. Any share and share-related incentive programs should be designed in such a way as to promote an alignment of interest between shareholders and senior executives. The board shall be entitled to deviate from the guidelines above if the board, in certain cases, deems that there are specific reasons to motivate such deviation.

Guidelines to be applied until the next Annual General Meeting

The above guidelines are proposed to be unchanged, with the addition that, in the guidelines for remuneration to senior executives, pension benefits are limited to 30 percent of fixed annual cash wages and other benefits are limited to 10 percent of fixed annual cash wages and that, in the event of termination by the Company or by the senior executives, the period of notice may not exceed six months without the right to severance pay.

Financial reporting

The Board should document how it ensures the quality of financial reporting and communicating with the auditors. The Board is responsible for the quality of financial reporting in each quarterly report. The Board reviews critically the accounting and financial reports issued by the Company, compliance, and any significant uncertainty in the reporting. The auditors attended 2 regular meeting of the Board during 2019, whereof 1 by telephone. The entire Board reviews the interim reports before they are published. The Company's auditors attend the Board meeting in connection with the approval of the Company's annual report. The Board of directors have met with the auditors as part of the auditors' review of the Company for the financial year 2019.

Internal control of financial reporting

Internal control

The Board is responsible for the internal controls under the Swedish Companies Act and the Code. The following description of internal control and risk management of financial reporting has been prepared in accordance with the Code.

NAXS has a centralized organization. The CEO is the only employee in the Company, the other professionals being engaged on a consultancy basis. The Group has a clear division of responsibilities and internal controls, which is the reason why the need for a separate internal audit function does not exist. Internal control and performance monitoring are conducted at several levels within the Group, both at the subsidiaries' level and at Group level.

Control environment

Internal control covers all companies within the Group and includes controlling the accuracy and reliability of reporting and ensuring that the adopted practices and policies are followed.

NAXS has established policies and procedures, including rules of proceedings for the Board, instructions for the CEO, instructions for financial reporting, financial and investment policy and authorization rules. Guidelines are also for decisions regarding the costs, private equity fund investments and more. Reporting Instructions are designed to support a relevant reporting that follows the organization's structure.

NAXS accounting policies and principles follow IFRS, which ensures a consistent and rigorous financial reporting.

Risk assessment

NAXS is exposed to a variety of risks, both externally and internally. The basis for risk management and risk assessment is to identify and analyze the Company's risks. Risk management is an integral part of the funds evaluation process to ensure that its policies are followed. Comprehensive risk assessments are carried out and where appropriate lead to specific measures to address existing risks.

Control Activities

Control activities consist of routines and procedures that ensure management directives are carried out and that control objectives for the management of significant risks are reached. Control activities are implemented within the organization. Activities include, among others, approval, verification, reconciliation, performance monitoring and allocation

of tasks. NAXS assesses quarterly the valuation reports from underlying funds. The Group management makes regular controls, the results of which are reported to the Board.

Information and communication

Appropriate information and communication are essential for the internal control systems to function appropriately. NAXS receives quarterly or semi-annual reports from underlying funds relating the development of each fund. The Company's CFO then compiles a report on the Company's stake in the private equity private equity fund investments and the value of such investments, which is presented to the CEO and the Board. NAXS is a small organization, which facilitates effective communication and information between the Company's management and the Board.

Follow-up

Monitoring is conducted in the ordinary course of business and forms part of the management's regular activities when carrying out their duties. Any weaknesses in internal controls should be reported to the Board.

Proposal for appropriation of earnings

At the disposal of the Annual General Meeting are the following amounts in SEK:

Share premium reserve	577 705 947
Retained earnings	40 050 632
Net profit for the year	-4 107 294
<i>Total</i>	613 649 285

The Board of Directors and the CEO proposes that available earnings to be appropriated as follows:

Dividend, 3.00 per share	33 457 755
To be carried forward	580 191 530
<i>Total</i>	613 649 285

In addition, the Board of Directors proposes to the Annual General Meeting to vote on a continued share repurchase mandate to repurchase own shares to the extent that the Company's holding of its own shares, on any occasion, does not exceed 10% of all shares in the Company.

Notes to the financial statements

Note 1 Accounting policies

Corporate information

The consolidated financial statements of NAXS AB (publ) ("NAXS", the "Group" or the "Company") for 2019 have been prepared by the Board of Directors and the CEO. The financial statements are subject to the approval of the Annual Meeting of the shareholders to be held on March 12, 2020. The Parent Company is a Swedish limited company (publ) incorporated and domiciled in Stockholm, Sweden whose shares are publicly traded on NASDAQ Stockholm. NAXS focuses on investments in Nordic buyout funds. The objective is to make the Nordic private equity market accessible for a broader range of investors, while offering liquidity through the Company's publicly traded shares.

General accounting principles

These financial statements are prepared in accordance with GAAP follows.

The consolidated financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and interpretations of International Financial Reporting Interpretations Committee (IFRIC) as adopted by the EU. Furthermore, the Council for financial reporting and recommendation RFR 1 Supplementary Accounting apply. The annual report for the parent company has been prepared according to the Annual Council for financial reporting RFR 2 Accounting for Legal Entities. Differences in Parent accounting policies are due to limitations in the ability to apply IFRS as a result of the Annual Accounts Act and, in some cases, because of the tax rules. The main differences are described below under "Differences between the Group and Parent Company".

Application of new and revised accounting rules

The International Accounting Standards Board (IASB) and International Financial Reporting Interpretations Committee (IFRIC) has issued and it has adopted new and revised standards with effect from financial year 2019.

IFRS 16 Leases replace, as from 2019, existing accounting standard related to the recognition of leases, such as IAS 17 Leases and IFRIC 4 Determining whether an agreement contains a lease. The Group has decided that IFRS 16 is not to be applied in advance. IFRS 16 primarily affects lessees and the main effect is that all leases that are recognized as operating leases in accordance with current principles are reported in a manner similar to the current accounting of financial leases.

This means that even for operational leases, asset and liability need to be reported, including accounting for depreciation and interest costs, as opposed to current principles under which no leased asset and related liabilities are recognized, and leasing fees are reclassified on a straight-line basis as leasing costs. IFRS 16 has not affected the company's financial statements as the group has no leasing agreements.

Standards, amendments and interpretations that have not yet entered into force or approved by the EU and which have not been early adopted by the Group.

A number of new standards and amendments, as well as interpretations of existing standards have been published but have not yet come into force. The Group has estimated that the new standards, amendments and interpretations that have not yet entered into force will not have any material effect on the financial performance and position.

Basis for establishing the parent company and consolidated financial statements

The Parent Company's functional currency is the Swedish krona, the reporting currency of the Parent Group. This means that the financial statements are presented in Swedish kronor. All figures, unless otherwise indicated, rounded to the nearest thousand. Rounding differences may occur.

Valuation of assets and liabilities is based on historical cost. The following assets and liabilities are valued in other ways:

- Private equity fund investments other long-term holdings of securities are valued at fair value

- Valuation of deferred tax assets and liabilities based on how the carrying values of assets or liabilities are realized or settled. Deferred tax is calculated using the current tax rate.

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from these estimates.

The following accounting policies for the Group and parent company have been applied consistently to all periods presented in the consolidated and Parent Company financial statements.

Basis of consolidation

The consolidated accounts comprise the Parent Company and subsidiaries: subsidiaries are companies that are under a controlling influence from NAXS AB. When assessing whether controlling influence exists, consideration is given to both influence and influence on returns and partly whether de facto control exists. Subsidiaries are reported according to the acquisition method. For more information, see Note 9, Shares in Group companies.

When preparing the consolidated financial statements, intra-group transactions and transactions are eliminated.

Financial instruments

As of 2018, IFRS 9 Financial Instruments has replaced IAS 39 Financial Instruments: Recognition and Measurement.

Financial instruments that NAXS reports in the balance sheet include, on the asset side, cash and cash equivalents, private equity fund investments and other financial investments. Liabilities include accounts payable. Only the categories that are relevant to the group are described below.

Financial assets

As of 2018, the Group classifies its financial assets in the following categories: Amortized cost (Hold to collect) and Fair value through the income statement (Other). Classification and valuation of financial assets based on debt instruments is based on the business model applied for the management of the financial asset and the instrument's contractual cash flows.

Accrued acquisition value (Hold to collect)

Assets classified as "Hold to collect" are financial assets that are held for the purpose of collecting contractual cash flows and where these cash flows consist solely of capital amounts and interest. This category includes cash and cash equivalents.

Fair value through the income statement (Other)

Financial assets in this category "Other" are assets that do not meet the requirements for being recognized at amortized cost or fair value through other comprehensive income. This group includes investments in private equity funds (known as buyout funds) and Other long-term holdings of securities. NAXS has chosen to assign to this category financial assets that according to the management's and the Board's risk management and investment strategy are managed and evaluated based on actual values. All investments in private equity fund investments and Other long-term holdings of securities are in this category.

Unlisted holdings in private equity funds are valued at the Company's share of the valuation that the fund administrator reports for the fund's total holdings, and is normally updated when a new valuation is obtained. If NAXS estimates that the fund administrator's valuation does not adequately take into account factors affecting the valuation of the underlying holdings, or if the valuation is materially different from the IFRS principles, an adjustment of the valuation is made. Public holdings held by underlying funds are valued based on the holdings' share price at closing. At the end of the financial year, there was no need to adjust the fund managers' valuations to a significant extent.

Accounting and removal from the balance sheet

Purchases and sales of financial assets are reported on the business day, the date on which the Group commits to buy or sell the asset. Financial assets are removed from the balance sheet when the right to receive cash flows from the instrument has expired or has been transferred and the Group has transferred virtually all risks and benefits associated with ownership.

Valuation

Financial assets are initially measured at fair value plus, in cases where the asset is not recognized at fair value through the income statement, transaction costs directly attributable to the purchase. Transaction costs attributable to financial assets recognized at fair value through profit or loss are expensed directly in the income statement. Financial assets with embedded derivatives are regarded as a unit when an assessment is to be made if the cash flows from the asset consist solely of principal amounts and interest.

Investments in debt instruments

Subsequent valuation of investments in debt instruments depends on the Group's business model for managing the asset and what kind of cash flows the asset gives rise to. The Group classifies its investments in debt instruments in two valuation categories: Amortized cost: Assets held for the purpose of collecting contractual cash flows and where these cash flows consist solely of capital amounts and interest, are reported at amortized cost. Interest income from such financial assets is reported as financial income by applying the effective interest method. Gains and losses arising from derecognition from the balance sheet are recognized directly in profit or loss within other gains and losses together with the exchange rate result. Impairment losses are reported on a separate line in the income statement.

Fair value through the income statement: Assets that do not meet the requirements for being recognized at amortized cost or fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt instrument that is reported at fair value through the income statement and which is not included in a hedging relationship is reported net in the income statement in the period when the gain or loss arises.

Financial liabilities valued at amortized cost

Accounts payable have a short-expected duration and are valued at face value. In addition, the Group has no significant financial liabilities.

Changes in value

For private equity fund investments that existed at both the start of that at the end of the year, their change in value is the difference in valuation between these dates. For private equity fund investments realized during the year, the change in value is the difference between the moneys received and the valuation at the beginning of the year.

Transactions, receivables and liabilities in foreign currency

Transactions in foreign currencies are translated at the exchange rate prevailing on the transaction date. Monetary assets and liabilities are translated at the closing date balance sheet date. Exchange differences arising on translation are recognized in the income statement. Non-monetary assets and liabilities are recorded at historical rates, i.e. the rates prevailing at each transaction date except for holdings in private equity funds which is valued at fair value through the income statement.

Foreign operations

Transactions in foreign currencies are translated into the functional currency using the exchange rate prevailing on the transaction date. The functional currency of the Company, including is the Swedish krona. The functional currency in the Danish subsidiary is Danish krona and in the Norwegian subsidiary it is Norwegian krona. Excess liquidity in the subsidiaries is usually placed in Swedish interest-bearing securities or held on interest-bearing bank accounts.

Provisions

A provision is recognized when as a result of a past event there is a legal or informal obligation and it is likely that it must be met, and the amount can be reliably estimated. Where the effects of when in time the payment is made is material, the provision should be made at the present value of the expenditure which is expected to be required to settle the obligation.

Contingent

A contingent liability exists if there is a possible obligation that arises from past events and whose existence will be confirmed only by one or more uncertain future events, and when there is a commitment that is not recognized as a liability or provision because it is unlikely that an outflow of resources will be required, or the liability cannot be measured

with sufficient reliability. The disclosure is made unless the possibility of an outflow of resources is remote.

Leases

The Group has not had any financial or operational leasing agreements during the financial year or the previous financial year.

Income tax

Income tax comprises current and deferred tax. Income tax is recognized in the income tax relates to items recognized in the income statement. Income tax is recognized directly in equity when the tax relates to items recognized directly in equity.

Current tax comprises tax based on taxable income for the current year and any adjustments relating to prior years.

Deferred tax is calculated on the differences (temporary differences) between assets and liabilities and taxable values on the other hand, their carrying values. The deferred tax is calculated on the basis of the tax rates that are deemed applicable to the tax regulation. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized only when it is probable that the deductible temporary differences can be utilized and lead to a reduction in future tax payments.

The cash flow statement

In preparing the cash flow analysis, the indirect method is used. In the application of the indirect method the net change in receipts and disbursements in operating activities is calculated by adjusting the net income for the change in operating assets and liabilities, items not included in cash and items included in cash flow for investing and financing activities. Cash equivalents in the cash flow statement is included in cash when the placements are short term only and is subject to an insignificant risk of changes in value.

Reporting by operating segment

Operating segments are reported in a manner consistent with the internal reporting provided to the CEO. The CEO is responsible for allocating resources and assessing the operating segments. The group has been identified this function as the CEO. The investment strategy is oriented towards a diversified fund portfolio so that the holdings in the funds be evaluated as a whole, the Group has only one operating segment.

Critical accounting estimates

The consolidated financial statements are prepared in accordance with IFRS. The following are the main areas in which critical judgments made in applying the Group's accounting policies and key sources of estimation uncertainty.

Private equity fund investments

Private equity fund investments are valued at fair value according to the methods described above. Private equity fund investments are valued under the fair value method at fair value through the profit and loss statement. NAXS has chosen to assign to this category the ownership of private equity fund investments that, under the Company's risk management and investment strategy, are valued based on actual values. All private equity fund investments are unlisted. Private equity fund investments are valued based on the Company's portion of the value that the fund manager attributes to the fund's total holdings and is normally updated when the new valuation obtained. If NAXS estimates that the fund administrator has not sufficiently taken into account factors affecting the value of the underlying holdings, or if the valuation has been considered to differ materially from IFRS rules, NAXS proceeds to a valuation adjustment. Public holdings held by underlying funds are valued based on the holdings' share price at closing. At the end of the financial year, there was no need to adjust the fund managers' valuations to a significant extent.

Alternative performance measures

The definitions for the net asset value, net cash/net debt and gross IRR performance measures are provided in the note 26 Definitions and Alternative performance measures. The equity ratio is defined as equity in relation to total assets. These alternative performance measures are essential for the understanding and evaluation of NAXS's business.

Differences between the Group and Parent Company

The Parent Company follows the same accounting principles as the Group with the following exceptions.

Formats

The balance sheet and income statement of the Parent Company are established in accordance with what is stated in the Annual Accounting Act.

Shares in subsidiaries

Shares in subsidiaries are accounted for under the cost method.

Note 2 Important estimates and assessments

In the application of valuation principles, assumptions and estimates are made in relation to factors that are uncertain at the time the valuation. Changes in assumptions could have a significant effect on the financial statements of the periods when the assumptions change. Private equity fund investments are valued at fair value. The Group applies its methods on a consistent basis between periods, but the fair value measurement always requires a significant degree of assessments. Based on the controls that it applies, NAXS believes that the actual figures reported in the balance sheet and changes in fair value recognized in the income statement are thorough and balanced and reflect the underlying economic values.

Note 3 Changes in value

TSEK	Group	
	2019	2018
<i>Changes in value of private equity fund investments</i>		
Realized profits	30 195	40 274
Value change on fund holdings	35 351	6 029
Unrealized exchange rate fluctuations	4 686	7 295
	70 232	53 598
Of which changes in value determined through valuation techniques	35 351	6 029
Of which changes in value caused by exchange rate changes	4 686	7 295
<i>Changes in value in other long-term holdings of securities</i>		
Dividends	-	1 232
Interest income	2 834	391
Unrealized value changes	-20 363	-12 824
	-17 529	-11 201
Of which changes in value determined on an active market	-20 363	-12 824
Total reported changes in value	52 703	42 397

Changes in value caused by changes in exchange rates are calculated by comparing the exchange rate at the date of acquisition/beginning of the year and end of the year. It is the relevant fund's reporting currency that is the basis for calculation.

Note 4 Other external expenses

Reported profit through profit and loss	70 232	53 598
Exchange rate differences	3 576	12 350
Reported valuation at year end	439 638	406 861

Private equity fund investments are valued at fair value according to the methods described above. Under this method, private equity fund investments are valued at fair value through the profit and loss statement. NAXS has chosen to assign to this category the ownership of private equity fund investments that, under the Company's risk management and investment strategy, are valued based on actual values. All private equity fund investments are unlisted. Private equity fund investments are valued based on the Company's share of the value that the fund manager attributes to the fund's total holdings and is normally updated when a new valuation obtained. If NAXS estimates that the fund manager has not sufficiently taken into account factors affecting the value of the underlying holdings, or if the valuation has been considered to differ materially from IFRS rules, NAXS proceeds to a valuation adjustment.

NAXS assesses regularly the fund managers' valuation techniques and ensures that the valuation of the unlisted holdings is conducted on the basis of the "International Private Equity and Venture Valuation Guidelines" prepared and published jointly by the venture capital organizations EVCA, BVCA and AFIC. Listed holdings are valued on the basis of their share price at the time the valuation is made.

For investment commitments see Note 23, last paragraph.

Note 16 Equity
Group
Share capital in the Parent Company.

The share capital amounted as of December 31, 2019 to SEK 750 000 divided into 11,910,061 shares.

In June, the company made a share cancellation of 309,369 repurchased shares. Prior to the cancellation of the repurchased shares, the total number of shares and voting rights in NAXS was 12,219,430. The number of shares and voting rights decreased by 309,369 through the share cancellation. Following completion of the share cancellation, the total number of shares and voting rights in NAXS is 11,910,061.

The number of outstanding shares in the Company at the beginning of the year was 11,914,261. During the year 761 676 shares were repurchased. The number of outstanding shares in the Company at the end of the year was 11 152 585.

The Company holds 757 476 own shares. Each share has one vote. The quota is SEK 0.06 per share.

Note 16 (continued)
Other contributed equity

Refers to equity contributed by shareholders. It also includes premiums paid in connection with new stock issues.

Retained earnings, including income for the year

Retained earnings, including income for the year, consist of accumulated income in the Parent Company and its subsidiaries.

Parent Company
Restricted equity

Restricted equity may not be reduced through profit distribution.

Share premium reserve

When shares are issued at a premium, that is, when the price to be paid for the shares exceeds the nominal value of the shares, an amount equivalent to the amount above the nominal value of the shares will be transferred out of the share premium reserve. The share premium reserve is recognized as unrestricted equity.

Unrestricted equity
Retained earnings

Retained earnings consist of the preceding year's unrestricted equity after any transfer to statutory reserve and after any dividend payment. Retained earnings, together with net income for year, comprise the total unrestricted equity in the Company, i.e. the funds available for the dividend to shareholders.

Distributions

NAXS's distribution policy is to proceed over time to distributions amounting to a percentage of proceeds received from underlying private equity funds. The Board of Directors proposes to the Annual General Meeting a dividend for the fiscal year 2019, see the proposal for appropriation of earnings in note 24. In addition, the Board of Directors proposes to the Annual General Meeting to vote on a continued share repurchase mandate.

Earnings per share

	Group	
	2019	2018

Disclosures for measurement at fair values in accordance with the fair value hierarchy

Level 1 – Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 – Other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3 – Techniques which use inputs that are not based on observable data.

As at December 31, 2019, the Group held the following financial assets and liabilities measure at fair value:

Assets	Level 1	Level 2	Level 3	Total
Financial assets at fair value through profit or loss				
Private equity fund investments	-	-	439 638	439 638
Other long-term holdings of securities	40 824	-	-	40 824
	40 824	-	439 638	480 462

Note 22 (continued)

As at December 31, 2018, the Group held the following financial assets and liabilities measure at fair value:

<i>Assets</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Financial assets at fair value through profit or loss				
Private equity fund investments	-	-	357 780	357 780
Other long-term holdings of securities	13 930	-	-	13 930
	40 824	-	357 780	371 710

There are no significant liabilities measured at fair value.

Fair value of financial instruments traded in an active market is based on quoted market prices at the balance sheet date. A market is considered active if quoted prices from an exchange, broker, industry group, pricing service or supervisory body is readily and regularly available and those prices represent actual and regularly occurring market transactions on arm's length. The quoted market price used for the Group's financial assets is the current bid price. These instruments can be found in level 1.

Fair value of financial instruments not traded in an active market is determined using valuation techniques. In this respect, public market information is used as much as possible when this is available while the company-specific information is used as little as possible. If all of the significant inputs needed for fair value measurement of an instrument are observable is the instrument classified in level 2.

In cases where one or more of the significant inputs are not based on observable market data, the instrument is classified in level 3. NAXS's private equity fund investments are classified in Level 3. The Company's specific valuation techniques and critical estimates are reported under accounting policies.

Level 3 investments include the Company's share of the relevant private equity fund's holdings / securities of unlisted companies (in some cases, a private equity fund can also hold listed companies). When observable prices are not available for these securities the fund manager uses one or more valuation techniques (e.g. yield methods or income-based methods), or a combination of techniques, which sufficient and reliable data are available. Within Level 3, the market approach generally uses earnings multiples of comparable companies, while the income-based approach generally uses the present value of estimated future cash flows, adjusted for liquidity, credit, market and/or other risk factors.

Due to the lack of observable inputs, estimates and assumptions used by the fund managers may materially affect the fair value of funds holdings and thus NAXS's results.

Because of the Company's diversified private equity fund portfolio (different geographical areas, different industries and different vintages) and the fact that each private equity fund has a large number of holdings in various companies (the total number of individual investments amounted to 44 (53) at year-end) a change in the input to the possible fair value alternative assumptions would not involve significant changes in the fair value of the fund units in addition to changes in exchange rates. Note 23 presents a sensitivity analysis of the Company's foreign exchange risk.

The following table shows the changes of instruments at level 3 in 2019.

	<i>Funds valued at fair value</i>	<i>Total</i>
Opening balance	406 861	406 861
Investments	51 473	51 473
Distributions	-92 504	-92 504
Gains and losses recognized in profit or loss	70 232	70 232
Exchange rate differences	3 576	3 576
Closing balance	439 638	439 638

Note 22 (continued)

The following table shows the changes of instruments at level 3 in 2018.

	Funds valued at fair value	Total
Opening balance	357 780	357 780
Investments	70 507	70 507
Distributions	-87 374	-87 374
Gains and losses recognized in profit or loss	53 598	53 598
Exchange rate differences	12 350	12 350
Closing balance	406 861	406 861

Note 23 Risk exposure and risk management
Financial risks

The main factors that help to limit the risks of NAXS activities are described below:

- Careful due diligence for new investments in private equity funds
- Diversified portfolio
- Active management and monitoring, and relying on the Investment Adviser's recommendations are the prerequisite for transparency in corporate development and thereby to identify risks.
- The main financial risks that NAXS is exposed to are market risks, including interest rate risk and currency risk.

Price risks

In a large extent, the Company's return on invested capital will depend on the respective underlying private equity fund's performance. NAXS has an investment strategy that results in a diversified portfolio of interests in ten private equity funds and one special situations fund. Moreover, the returns depend on the valuation of the portfolio companies at investment and divestment.

In addition to private equity fund investments, NAXS owned 375,437 shares in Scout Gaming Group (publ) at the balance sheet date, equivalent to 2.8% of the company. The Scout shares are listed on NASDAQ First North. NAXS also owned 828,319 shares in Awilco Drilling Plc corresponding to 1,5% of the company, a drilling rig operator based in the UK. The shares in Awilco Drilling Plc are listed on the Oslo Stock Exchange. In addition, NAXS owned a senior covered bond issued by the Norwegian company Jackel AS, a wholly owned subsidiary of Master Marine AS, active in offshore accommodations. The bond is unlisted but traded unofficially.

At the end of 2019, NAXS allocated SEK 578 (551) million, which corresponds to 81 (75) percent of NAXS's equity. The capital is invested in ten different buyout funds and a special situation fund, as well as in other investments in the form of listed shares and in an unlisted bond.

The total exposure in private equity fund investments and other investments is shown below:

<i>Total investments in private equity funds in thousands</i>	<i>2019-12-31</i>	<i>2018-12-31</i>
Investments in private equity funds	439 638	406 861
Other long-term holdings of securities	40 824	56 784

Note 23 (continued)

Below are what the effect on the results of a currency change of 10% based on the investments at year-end:

<i>Amounts in KSEK</i>	<i>2019</i>	<i>2018</i>
Investments in private equity funds	+/-43 964	+/-40 686
Other long-term holdings of securities	+/-4 082	+/-5 678

Interest rate risks

Private equity funds typically use high leverage to finance the investments in their target companies. In a situation where the target companies do not perform well and where market interest rates rise, this may lead to decreasing and even negative returns for private equity funds.

Regarding excess liquidity, which is exposed to interest rate risk, the goal is to maximize returns within NAXS's established policy. In addition, a high flexibility is targeted in order to meet potential new needs for liquidity. The investments are made in interest-bearing securities with short maturity, which means that the interest rate duration is less than 12 months.

Because of the Company's diversified portfolio and the large number of underlying fund investments, a qualitative analysis of risks (price and interest rate risk), such as e.g. a sensitivity analysis, could not be effected without unwarranted costs or with a sufficient degree reliability.

Currency exchange rate risks

NAXS's operations are exposed to currency risk in the investments denominated in foreign currencies. No currency hedging is made because of the long-term investment horizon. The total currency exposure of the private equity fund investments is shown below:

Total investments in foreign currency translated to SEK

<i>Amounts in KSEK</i>	<i>2019</i>	<i>2018</i>
EUR	21 837	22 917
NOK	1 167	7 695
USD	5 532	4 234

Below are what the effect on the results of a currency change of 10% based on the investments at year-end:

<i>Amounts in KSEK</i>	<i>2019</i>	<i>2018</i>
EUR	+/-22 784	+/-23 548
NOK	+/-123	+/-788
USD	+/-5 154	+/-3 798

Credit risk

Credit risk is the risk of a counterparty or issuer being unable to repay a liability to NAXS. NAXS is exposed to credit risk primarily through the placement of excess liquidity in interest-bearing securities. In order to minimize credit risk excess liquidity is invested in treasury bills and bank accounts with banks with high credit ratings.

Commitment Risk

NAXS can make commitments up to 130 percent of equity. NAXS may without limitation, except as set forth below, invest in private equity funds, which have one or more of the Nordic countries (Denmark, Finland, Norway and Sweden) as their investment focus. NAXS may without limitation, except as set forth below, invest alongside private equity funds and other alternative assets funds.

Up to forty percent of NAXS's net asset value may be invested in any securities or assets in any jurisdiction. The total commitments at the end of 2019 amounted to 81 (75) percent of the equity. The remaining fund commitment at the year-end amounts to KSEK 97 (87).

Note 23 (continued)

Equity-related risks

While it is expected that large shareholders and senior executives who hold shares in the Company consider their holdings as a long term placements, there is a risk that senior executives and/or current large shareholders divest part or the totality of their stakes in the Company, which could negatively impact the Company's share price. At the end of 2019, the holding of NAXS's largest shareholder represented more than 50% of the shares in the Company. As a result, and if such holding does not change, the largest shareholders will have a controlling vote at the Annual General Meeting.

Note 24 Proposal for appropriation of earnings

At the disposal of the Annual General Meeting are the following amounts in SEK:

Share premium reserve	577 705 947
Retained earnings	40 050 632
Net profit for the year	-4 107 294
<i>Total</i>	613 649 285

The Board of Directors and the CEO proposes that available earnings to be appropriated as follows:

Dividend, 3,00 per share	33 457 755
To be carried forward	580 191 530
<i>Total</i>	613 649 285

In addition, the Board of Directors proposes to the Annual General Meeting to vote on a continued share repurchase mandate to repurchase own shares to the extent that the Company's holding of its own shares, on any occasion, does not exceed 10% of all shares in the Company.

Note 25 Events after the year-end

No significant events have occurred after the end of the fiscal year.

Note 26 Definitions and Alternative performance measures

NAXS applies the guidelines issued by the European Securities and Markets Authority (ESMA) for alternative key ratios. Alternative key figures are financial measures of historical or future earnings trend, financial position, financial results or cash flows that are not defined or specified in the applicable rules for financial reporting.

Alternative key ratios are stated when, in their context, they provide clearer or more in-depth information than the measures defined in applicable financial reporting rules. The alternative key figures are derived from the consolidated financial statements. Alternative key ratios are stated when, in their context, they supplement the measures defined in IFRS. The starting point for the provided alternative key figures is that they are used by management to assess the financial development and are thus considered to provide valuable information to analysts and other stakeholders. NAXS regularly uses alternative key ratios as a complement to those key ratios that generally constitute good accounting practice.

Below are definitions and all the alternative key figures used. Reconciliations with the financial statements are provided on page 21 of NAXS Year-end Report 2019 for the alternative key ratios for the Group that are not directly identifiable from the financial statements and which are deemed essential to specify.

Note 26 (continued)*Buyout fund*

A private equity fund, whose strategy is to acquire a controlling interest in the targeted companies

Cash & cash equivalents

Cash, bank and short-term investments

*Cash per share**

Cash & cash equivalents in relation to the number of outstanding shares at the end of the period

Commitment

The maximum amount that a limited partner agrees to invest in a fund

Current commitments

Acquisition cost for private equity fund investments, plus remaining commitments to private equity funds

*Equity ratio**

Equity in relation to total assets.

Gross IRR

The internal rate of return generated annually at the underlying private equity funds' level, before the deduction of the management fees and carried interest. The calculation includes all payments to the funds and all distributions from the funds since their inception, but excludes the management fees and carried interest

*Net asset value (NAV)**

The fair value of total assets, less net debt (corresponds to equity)

*Net asset value (NAV) per share**

The fair value of total assets, less net debt (corresponds to shareholders' equity attributable to the Parent Company's shareholders) in relation to the number of outstanding shares at the end of the period

*Net cash**

Cash and cash equivalents, short-term investments and interest-bearing current and long-term receivables, less interest-bearing current and long-term liabilities

Other long-term holdings of securities/ Other investments

Investments in financial instruments other than private equity funds

Private equity fund investments

Fair value of investments in private equity funds

Profit per share'

Profit for the year attributable to the Parent Company's shareholders divided by the average number of shares.

Special situations fund

A private equity fund, whose strategy is to acquire companies, where an active ownership is required, such as under-performing companies, and/or imply complex transactions, such as carve-outs from larger conglomerates.

*Total assets**

All assets and liabilities not included in net cash.

Total exposure to private equity fund investments

Private equity funds investments and remaining commitments to private equity funds.

Total exposure to private equity fund investments and other investments

Total exposure to private equity funds increased with other investments.

Appendix 1 Auditor's report for a public limited liability parent company preparing its consolidated accounts in accordance with International Financial Reporting Standards as adopted by the EU and the Annual Accounts Act, Corporate Governance Statement review according to law

Auditor's report

To the general meeting of the shareholders of Naxs AB (publ), corporate identity number 556712-2972

Report on the annual accounts and consolidated accounts

Opinions

We have audited the annual accounts and consolidated accounts of Naxs AB (publ), except for the corporate governance statement on pages 21-28 for the year 2019. The annual accounts and consolidated accounts of the company are included on pages 7-20 and 29-55 in this document.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of the parent company as of 31 December 2019 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The consolidated accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of the group as of 31 December 2019 and their financial performance and cash flow for the year then ended in accordance with International Financial Reporting Standards (IFRS), as adopted by the EU, and the Annual Accounts Act. Our opinions do not cover the corporate governance statement on pages 21-28. The statutory administration report is consistent with the other parts of the annual accounts and consolidated accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet for the parent company and the group.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of the parent company and the group in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Key Audit Matters

Key audit matters of the audit are those matters that, in our professional judgment, were of most significance in our audit of the annual accounts and consolidated accounts of the current period. These matters were addressed in the context of our audit of, and in forming our opinion thereon, the annual accounts and consolidated accounts as a whole, but we do not provide a separate opinion on these matters.

Fund units and other financial assets valued at fair value

The company's valuation of fund units at fair value has been considered a Key Audit Matter since the amounts involved are material for the financial reporting as a whole and that the valuation is associated with judgements. Financial instruments at fair value, shall in accordance with applicable accounting rules be classified in a fair value hierarchy (level 1, 2 and 3). Level 3 consists of assets for which directly or indirectly observable prices are missing. The company's fund units are reported in level 3. The fund units and other financial assets at fair value in level 3 in the balance sheet amounts to 480 million sek of the total assets of 710 million sek.

The accounting policies are presented in footnote 1 "företagsinformation", estimates and assessments are specified in footnote 2, and in footnote 10 "Fondandelar" and in footnote 11 "Andra finansiella placeringar" information regarding revaluations. In footnote 22 "Financial assets and liabilities" principles for fair value and classification of levels as well as principles regarding this are presented.

For fund units in level 3 fair values are determined by using external fund managers' reporting. If the company believes that the fund manager's valuation does not sufficiently take into account factors that affect the value of the underlying holdings, or if the valuation is considered to deviate significantly from the fair value, an adjustment of the value is done as described in the accounting principles.

In our audit we evaluated NAXS's processes for valuation of fund units. We have also reconciled booked values with the fund administrator's valuation and any adjustments made by the company. We have also examined whether the information disclosed in the financial statements concerning fund units is appropriate.

Other Information than the annual accounts and consolidated accounts

This document also contains other information than the annual accounts and consolidated accounts and is found on pages 1-6. The Board of Directors and the Managing Director are responsible for this other information.

Our opinion on the annual accounts and consolidated accounts does not cover this other information and we do not express any form of assurance conclusion regarding this other information.

In connection with our audit of the annual accounts and consolidated accounts, our responsibility is to read the information identified above and consider whether the information is materially inconsistent with the annual accounts and consolidated accounts. In this procedure we also take into account our knowledge otherwise obtained in the audit and assess whether the information otherwise appears to be materially misstated.

If we, based on the work performed concerning this information, conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and consolidated accounts and that they give a fair presentation in accordance with the Annual Accounts Act and, concerning the consolidated accounts, in accordance with IFRS as adopted by the EU. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts and consolidated accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts and consolidated accounts, The Board of Directors and the Managing Director are responsible for the assessment of the company's and the group's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts and consolidated accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts and consolidated accounts.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts and consolidated accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Appendix 1 Auditor's report for a public limited liability parent company preparing its consolidated accounts in accordance with International Financial Reporting Standards as adopted by the EU and the Annual Accounts Act, Corporate Governance Statement review according to law

- Obtain an understanding of the company's internal control relevant to our audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors and the Managing Director.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting in preparing the annual accounts and consolidated accounts. We also draw a conclusion, based on the audit evidence obtained, as to whether any material uncertainty exists related to events or conditions that may cast significant doubt on the company's and the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual accounts and consolidated accounts or, if such disclosures are inadequate, to modify our opinion about the annual accounts and consolidated accounts. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a company and a group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts and consolidated accounts, including the disclosures, and whether the annual accounts and consolidated accounts represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated accounts. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our opinions.

We must inform the Board of Directors of, among other matters, the planned scope and timing of the audit. We must also inform of significant audit findings during our audit, including any significant deficiencies in internal control that we identified.

We must also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the annual accounts and consolidated accounts, including the most important assessed risks for material misstatement, and are therefore the key audit matters. We describe these matters in the auditor's report unless law or regulation precludes disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in the auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts and consolidated accounts, we have also audited the administration of the Board of Directors and the Managing Director of Naxs AB (publ) for the year 2019 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of the parent company and the group in accordance with

professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's and the group's type of operations, size and risks place on the size of the parent company's and the group's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's and the group's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner. The Managing Director shall manage the ongoing administration according to the Board of Directors' guidelines and instructions and among other matters take measures that are necessary to fulfill the company's accounting in accordance with law and handle the management of assets in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors or the Managing Director in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

As part of an audit in accordance with generally accepted auditing standards in Sweden, we exercise professional judgment and maintain professional scepticism throughout the audit. The examination of the administration and the proposed appropriations of the company's profit or loss is based primarily on the audit of the accounts. Additional audit procedures performed are based on our professional judgment with starting point in risk and materiality. This means that we focus the examination on such actions, areas and relationships that are material for the operations and where deviations and violations would have particular importance for the company's situation. We examine and test decisions undertaken, support for decisions, actions taken and other circumstances that are relevant to our opinion concerning discharge from liability. As a basis for our opinion on the Board of Directors' proposed appropriations of the company's profit or loss we examined the Board of Directors' reasoned statement and a selection of supporting evidence in order to be able to assess whether the proposal is in accordance with the Companies Act.

The auditor's examination of the corporate governance statement

The Board of Directors is responsible for that the corporate governance statement on pages 21-28 has been prepared in accordance with the Annual Accounts Act.

Our examination of the corporate governance statement is conducted in accordance with FAR's auditing standard RevU 16 *The auditor's examination of the corporate governance statement*. This means that our examination of the corporate governance statement is different and substantially less in scope than an audit conducted in accordance with International Standards on Auditing and generally accepted auditing

Appendix 1 Auditor's report for a public limited liability parent company preparing its consolidated accounts in accordance with International Financial Reporting Standards as adopted by the EU and the Annual Accounts Act, Corporate Governance Statement review according to law

standards in Sweden. We believe that the examination has provided us with sufficient basis for our opinions.

A corporate governance statement has been prepared. Disclosures in accordance with chapter 6 section 6 the second paragraph points 2-6 of the Annual Accounts Act and chapter 7 section 31 the second paragraph the same law are consistent with the other parts of the annual accounts and consolidated accounts and are in accordance with the Annual Accounts Act.
